

JAPANESE CONTINUE INTREPID ADVANCE

Russians Stubbornly Contest Every Inch

Graphic Story of the Storm- ing of Kin Chow

In Which Japanese Lost 3000 and the Russians Left 450 Dead

A Cossack Movement is Reported in Korea But it is Not Feared by Japanese—The Russian Line of Retreat Said to be Blocked.

JAPANESE LOSE 3,000.

London, May 28.—Baron Hayashi, the Japanese minister to Great Britain, has received a communication from the Japanese army which captured Kinchow and Kanshan has made the following report: "Our casualties number 3,000—the Russians left 400 dead on the field. On May 26 we captured fifty guns, besides a large quantity of stores."

"We occupied Nan Kwanlien yesterday morning, the enemy, who were driven toward Port Arthur, burning the railway station at San Shipliao."

A telegram from the correspondent of the Reuter Telegram company at New-Chwang says that the Japanese plan to capture Port Arthur within a fortnight, employing one hundred thousand men in the attack.

It is realized the losses will be severe, but it is thought this would be better than to keep the army idle for three months.

The Japanese plan of action in Manchuria does not include an advance beyond Mukden.

COSSACK MOVEMENT REPORTED.

Seoul, May 28.—A report was received in Seoul today that six hundred Cossacks have appeared at Song-Chin, about 175 miles north of Gen San, and are advancing southward along the eastern coast of Korea.

COSSACKS HAVE SEVEN GUNS.

It is their intention to effect a junction with the large forces which have been operating in Northern Korea, and which is at present at Popsan, with six guns. The inhabitants of Song-Chin fled in panic when the Russians approached.

COSSACKS DON'T WORRY JAPS.

Tokio, May 28.—The movements of Cossack cavalry and battery reported from Northern Korea are being closely watched by the Japanese, who are confident in their ability to protect their communication and maintain the military supremacy of Japan in Korea.

THE YALU VICTORY WHICH OPENED THE YALU estuary to water communication diminishes the importance of the line of land communication from Chinnampo to Wiju.

RUSSIANS ARE SURPRISED.

New-Chwang, May 28.—A staff officer who has arrived here from Mukden says the deliberation and precision of the Japanese has surprised General Kuropatkin, the Russian commander-in-chief, who believed the Japanese campaign would consist of dashing recklessness and theatrical moves, rather than cool-headed strategy.

LINE OF RETREAT BLOCKED.

Rome, May 28.—A telegram from Tokio states that the Japanese forces on the Liao-Tung peninsula have attacked Liu Shin Tzu on Talien-Way Bay, and have seized the forts at the junction of the Daimy branch and the Manchurian railway to Port Arthur. The Japanese have thus intercepted the line of retreat which the Russians driven from Kin-Chow and that neigh-

borhood would have to take to reach Port Arthur.

Tokio, May 28.—The Japanese army swept the Russians from Kinchow Thursday morning, and in a desperate attack stormed the almost impregnable position of the Russians on Nanshan Hill, west of Taelinwan. The battle raged in the hills all through the night, and fragmentary telegrams from the Japanese headquarters report that the Japanese are still pursuing the Russians south of Nanshan and the head of Taelinwan Bay.

The Russians had made elaborate preparations to check the Japanese movement south on the Liao-Tung peninsula, toward Port Arthur. They had fortified the high ground on the north shore of Taelinwan Bay, their works extending to the east and the west. The extreme Russian right was at Hu Shang-Tao and the extreme left at Nanshan Hill. This hill was the strongest part of the line; a series of batteries, strongly emplaced, crowned its crest, while rifle pits extended around its sides. Mines had been placed lower down on this hill, and around the base, on the northern and eastern sides were stretched well-made wire entanglements. Another line of defenses, also protected with wire entanglements, extended from Yen-Chia-Tung, near the head of Taelinwan Bay, due north of Hu Chia-Tien, which lies south of Kinchow.

A strong Russian force was posted at Kinchow. It consisted of infantry and artillery. Wednesday morning at 5:30 the Japanese attacked Kinchow and for three hours they had an artillery duel with the batteries on Nanshan Hill. The Russian guns searched the Japanese lines with their fire, but failed to inflict much damage.

The battle was resumed at dawn on Thursday. Three Japanese gunboats then entered Kinchow Bay, and in co-operation with the artillery on shore, shelled the Russian position on Nanshan Hill. A Russian gunboat in Taelin Bay steamed close to the shore and shelled the Japanese left. From dawn the batteries on both sides hammered away at each other.

At an early hour the Japanese infantry moved forward, and at 5:20 on Thursday morning they entered Kinchow, the Russians retiring to the south.

The fighting continued into Thursday night, the Japanese pressing to the south and storming Nanshan Hill. They followed the retreating Russians through the southern hills.

The reports received here fail to cover the events on the Russian right. It is probable, however, that the Russians have abandoned these positions. No information is given concerning losses; they probably were heavy on both sides.

The Russians apparently attempted to draw the Japanese attack last Saturday, for their batteries opened fire slowly on the enemy on that day. The Japanese, however, refused to be drawn under the positions of the Rus-

sians until their guns and their strength had been fully developed. To this end the Japanese began a series of careful reconnaissances, their officers working their way close enough to the Russian position to draw the enemy's fire. They thus secured fragments of shells for the purpose of ascertaining the caliber of the Russian guns.

On the shore of Taelinwan Bay close to the head, the Russians had established a series of positions. Here were set up the searchlights which nightly played over the Japanese angle in the hills to the northeast.

Further reconnaissances developed the fact that west of Liu-Chia-Tien the Russians had no defense. Extending to the northward from Yen-Chia-Tien to the west coast of the Liao Tung peninsula there were no defenses whatever, except the force posted at Kinchow. This gap in the defense was a fatal defect in the Russian position, and when it was perceived the Japanese extended their right to the north and east, enveloping Kinchow and the Russian extreme right. The Japanese left also was extended to Wang-Chia-Tung, on the shore of the Taelinwan Bay, and the center moved forward.

The Russian resistance at Nanshan Hill was stubborn. The Japanese made a series of assaults before the Russians finally yielded the position. The Russians abandoned this hill at 3 o'clock in the afternoon, retreating toward Nanquan-Ling.

Subsequent reports received here indicate that the storming of Nanshan Hill Thursday was a bloody affair. The Japanese first centered their fire on the Russian batteries, in which work they were aided by four gunboats from Kinchow Bay. They succeeded in silencing many of the enemy's guns.

The Russians had constructed a series of trenches around the hill on a terrace protected by wire entanglements and other such devices.

The Japanese made a series of rushes, but they were in vain. The deadly rifle and cannon fire of the enemy checked them repeatedly.

Finally at 3 o'clock in the afternoon the Japanese reformed and stormed the crest of the hill. The Russians held to their position doggedly, and it was 7 o'clock in the evening before the Japanese finally gained possession of the ridge.

BEAUTY

OF A TROY, OHIO, GIRL AT WOMAN'S CONVENTION

At St. Louis Has Caused a Sensation There—She Has Promised Over 200 Photographs.

St. Louis, Mo., May 28.—The Star Friday evening says: "Miss Corinna Broomhall, of Troy, Ohio, left the Hotel Jefferson for her home, accompanied by her mother, Mrs. A. T. Broomhall, a prominent clubwoman of the Buckeye State, who has been attending the biennial of the federation. Miss Broomhall is a girl of 17 years, who is blessed with exquisite blonde loveliness. She has been the most attractive figure of the great gathering from the beauty standpoint, and the delegates, without exception, declared her the prettiest girl in St. Louis."

Miss Broomhall left St. Louis pledged to send photographs to no fewer than 200 admirers among the clubwomen. She said she had the names and addresses of the entire number and would without fail forward each one a picture.

"It is an awful bore to pose for photographs," she pouted, "but I have given my word to all these ladies and will, of course, act up to it. I can't see why they all want the photograph of a little Ohio girl, but it is awfully flattering at any rate, and I will devote my pocket money to the photographers for the next few weeks."

Mrs. Sarah Platt Decker, the new president of the federation, Friday said at the Jefferson:

"I think that Miss Broomhall is one

of the most charming young girls I have ever seen, and the clubwomen have raved over her because she represents the type we would like to see generally attained in this country."

"It is true that hundreds of the delegates and visitors have asked Miss Broomhall for her photograph, because at one of the council meetings a speaker used her to illustrate a point in an address on the rearing of our daughters."

"She is certainly the Helen of Troy, Ohio."

GILLESPIE JURY

Reported That They Could Not Agree, But Judge Refused to Accept This Report.

Rising Sun, Ind., May 28.—Everyone here is awaiting with feverish anxiety the verdict of the jury in the Gillespie murder case. The dead line about the jury room was extended Saturday morning, so that no one can get near it, and there is no means of knowing how the jury stands. They began their deliberations again at 7:30 Saturday morning. The men looked worried as they filed into the jury room. In order to shut out prying eyes from a side window, posts were erected and horse blankets and tarpaulins put up as screens.

The jury at 10:40 reported that they were unable to agree. Judge Downey refused to accept this and sent them back to the jury room, for further deliberation.

QUAY

PRINCE PU LUN

Hair to the Chinese Throne, Gave Generous Tips in Indianapolis Hotel Friday

Indianapolis, Ind., May 28.—Prince Pu Lun, heir to the throne of China, showed that he is a good fellow by distributing \$250 in tips to employees of the Claypool hotel yesterday afternoon while his valets were getting him ready for his trip to Buffalo. The waiters, chambermaids, bellboys and porters who have been looking after his highness' comfort for the past few days were called into the prince's rooms.

"The prince is very grateful for your kindness and attention to him during his stay at this hotel," said Mr. Wong, "he desires to tip you as best he can."

Then Ching Tack, the head secretary and financial agent of the royal party, took from an inner pocket a bulging sack. One hundred dollars was distributed among the three waiters who have been serving the royal party. The three chambermaids received \$25 each. Seventy-five dollars went to the bellboys and porters.

FRANCE

Will Not Recognize the Pope's Power

ACCORDING TO DRASTIC ACTION TAKEN FRIDAY

President Combes Calls It "Antiquated Fiction."

UNION OF CHURCH AND STATE

Was Seriously Threatened. But Conservative Action in This Matter Was Taken.

Paris, May 28.—After an exciting debate in which Premier Combes and Foreign Minister Delcasse set forth the action and purposes of the government toward the Vatican, the Chamber of Deputies Friday, by an overwhelming vote, approved the course of the government in recalling M. Nisard, Ambassador to the Vatican, and rejected all propositions of the extreme element for an immediate dissolution of the relations between church and state. The vote approving the action of the government was 423 to 95.

A resolution proposed by M. Ferret, Republican Nationalist, inviting the government to negotiate with Pope Pius for a separation of church and state was defeated by 507 to 18. A motion by M. Aillaud, Socialist, to break off all relations with the Vatican and renounce the concordat was defeated by 385 to 146.

Premier Combes took the initiative in resisting all efforts to force the government to extreme action and his request that all questions regarding the separation of church and state go over until next January has the effect of postponing separation beyond the present session of Parliament.

M. Ribot, the minority leader, was among those voting in support of the government.

The debate attracted unusual attention, and great crowds were present, including Ambassador Porter and other members of the diplomatic corps. The principal speeches were those of Premier Combes and M. Delcasse. The Premier asked the Chamber to confine the debate to its true significance. The Holy See, he said, in a document hostile to France had denounced to certain European Powers the insult which it alleged the head of the French state had inflicted upon it by returning, in the undisputed capital of his kingdom, the visit received from the King of Italy, and by refusing to admit the claim of the Ultramarines to prerogatives presented as untenable. The government had answered this document by immediately recalling the Ambassador to the Vatican.

"This recall," said Premier Combes, "signifies that we cannot allow the Holy See to interpret the presence of our Ambassador in Rome in a sense favorable to its claims or to make use of this presence to justify pretensions which we reject. It also means that we will not allow the Papacy to intermeddle in our international relations, and that we intend to have done once for all with the superannuated fiction of temporal power which disappeared 31 years ago."

"We will not withdraw the whole staff accredited to the Vatican, as we are bound by the concordat to maintain at the Vatican an agent of our government for the carrying on of business. We cannot suppress the Embassy and the concordat by our own authority, for that role belongs to the chamber."

Coming to the immediate cause of the rupture, he said that a Parisian paper published the text of the Papal notes addressed to other Powers, which were couched in terms of remonstrance which the French government could not accept. The government's duty was clear as soon as the authenticity of the document had been proved. Three courses were open—to grant the Ambassador leave, to recall him or to suppress the Embassy. The first seemed inadequate, the third was excessive, and so the government decided on the second.

M. Nisard was instructed if he found the note to be authentic, or if an explanation regarding it should be refused, that he was to quit Rome immediately. The Ambassador notified the Foreign Office that the Papal Secretary of State said he wanted the question put in writing, and that he would answer it in writing. Meanwhile M. Delcasse, having obtained proof of the authenticity of the note, telegraphed the Ambassador that the Secretary of State's attitude was equivalent to a refusal of the desired explanation, and that therefore M. Nisard must consider himself recalled.

"This government did what the dignity of the country required, and with the necessary promptitude," said M. Delcasse, "and we have right and the opinion of the whole world on our side."

VATICAN ACCEPTS CHALLENGE.

Rome, May 28.—Cardinal Merry del Val, the papal secretary of state, speaking to Cardinal Martini today regarding the debate over clerical matters in the French chamber of deputies yesterday, said he considered Premier Combes' statements a challenge which the Vatican was ready to accept.

"We will show," he added, "what the French Catholics will be able to do at the next parliamentary elections." The statement of Premier Combes referred to was that the French government would not allow papal meddling in French international relations and that the French government intended "once for all to have done with the superannuated fiction of temporal power, which disappeared 31 years ago."

SNAKES

Objected to Being Given Medicine

AND DESPERATE BATTLE EN- SUED WITH THREE MEN

Exciting Encounter in Central Park Zoo Friday.

MEN SQUEEZED AND BITTEN,

But Finally Managed to Escape With Their Lives—All Were Huge Pythons.

New York, May 28.—Attacked by angry pythons in a locked cage in the monkey house at Central Park Friday, three of the Zoo keepers, after a hard fight for life, managed to escape, but not before Head Keeper Peter Shannon and William Snyder, the elephant man, had been squeezed in the coils of a 12-foot snake, and Jacob Cook, keeper of the monkey house, had been bitten on the thumb.

Recently two of the 13 pythons at the menagerie died under peculiar circumstances and Superintendent John W. Smith had an autopsy performed. He found that the snakes had died of worms, or paeni, due to the dead rats and mice with which they have been fed. It was decided to give them an anti-parasite medicine.

Keepers Cook, Shannon and Snyder entered the cage, locking the doors after them. Of the 11 snakes some were swimming about in the two tanks and others were coiled about in the two trees in the cage. All are from 8 to 12 feet long.

Keeper Snyder was armed with a long syringe filled with the medicine. Keeper Shannon would catch one of the pythons by the neck and Cook by the tail, so that the snake could not coil about the men and crash them, and then Shannon would open the mouth with a stick and Snyder would force the medicine down the snake's throat.

Cook reached the snake and gripped him by the neck, but too far back. With a movement quick as lightning the python curved its neck and struck at Cook's hand. The keeper gave a yell. "Help! Help!" he shouted. Cook could not throw off the snake at once, but Snyder seized the tail and pulled it away so that it could not constrict. Things began to get exciting in the cage then.

In the meantime Snyder, who had held of the tail of the python, had to let go and drive back several snakes that were attacking him.

As he stepped back the tail and a part of the body wrapped themselves around his leg and began to squeeze. Shannon then grabbed the tail and pulled the elephant keeper out of the coils without any bones being crushed.

Fred, Snyder seized the tail again and Shannon took his stick and pried open the python's mouth and released the thumb of Cook.

Then, with the python fast, they squirted medicine down its throat, bundled the snake in a sack and lashed the others.

Cook, with a handkerchief about his thumb, seized some of the other snakes, and then snubbed the ebriety of angry hissing and darting of the serpents' heads the men made their escape from the cage.

MT. VERNON

Completely Outclassed by Idlewild, Which Team Developed a Wonderful Batting Streak Friday.

Perhaps it was because of the unusual number of fair baseball enthusiasts in the Idlewild grandstand Friday or perhaps it was because the blue-clad sluggers wanted to do things for the sake of doing them, but whatever the cause, the Idlewild nine were the aggressors in the most complete diamond slaughter that a Newark fan ever had the joy to look upon. The pounding was terrific and no Newark player disgraced himself by making less than two runs. The best of it all is, that no Mt. Vernon supporter has yet had the hardihood to accuse the umpire with having been a participant in the slaughter.

Nor can it be said that Jimmy Outcalt's Mt. Vernon team is weak. Considering the circumstances they played a good game and stayed with it to the finish. The Mt. Vernon nine could easily be improved in places, but it has some strong men in its line-up and any team would do well to take victory from them. Outcalt played a good game and out of three times at bat made two two-base hits.

Whatever "Lefty" Snyder may have lacked in the past two or three games he made up in a way that left the other players wondering how it all happened. Scotty was there with his little piece of timber, and lifted three over the fence, sent two in safe places, and landed two more in such a way that Mt. Vernon was given two errors. Seven times at bat he went to first seven times, five times on hits and twice on errors. Justice completely redeemed himself by accepting a number of hard chances and the one error he is credited with was due to a high throw to first that should have been caught by Snodgrass. The latter played his usually fine game and pounded out three safe hits. Seibert, the new infielder, was on third and made a favorable impression. Every man on the Idlewild team contributed his share to the great victory.

McAllister was out of the game, because of an injury sustained at Lancaster, but he will doubtless line a few out Sunday.

The Mt. Vernon batters only secured five hits off of Snyder. After letting two men get to first on balls in the first inning he settled down and pitched one of the best games on Newark ground this year.

A Sure Thing.

It is said that nothing is sure except death and taxes, but that is not altogether true. Dr. King's New Discovery for Consumption is a sure cure for all lung and throat troubles. Thousands can testify to that. Mrs. C. B. VanMetre, of Shepherdstown, W. Va., says: "I had a severe case of Bronchitis and for a year tried everything I heard of, but got no relief. One bottle of Dr. King's New Discovery then cured me absolutely." It's infallible for Croup, Whooping Cough, Grip, Pneumonia and Consumption. Try it. It's guaranteed by Hall's Drug Store. Trial bottles free. Reg. sizes 50c, \$1.00.

WRESTLING

Newhardt and Johnson. After Faithful Training, Are Ready for Match at Music Hall Tonight

Jack Newhardt, the welterweight wrestler of Newark, and George Johnson, champion of Illinois, are both keen for their battle for supremacy at the Music Hall tonight. The men have been training faithfully and are on edge for the contest which promises to be hard fought from the time the men begin sparring for a hour. The match is at catch weights and catch-as-catch-can style, best two falls in three.

Arrangements have been perfected so that all who attend will be enabled to witness the match in comfort.

Newhardt's friends are confident that their man will win, and from his previous contests in Newark their confidence seems well placed, but Johnson is well up on all points of the game, is agile and muscular and will not be defeated without a struggle.

The contest has been arranged on the basis that 75 per cent of the receipts will go to the winner and 25 per cent to the loser, so that both men will exert every effort to get the long end of the money.

DOUBLE HEADER

Will Be Played at the Y. M. C. A. Athletic Grounds on Monday Afternoon

By tonight everything will be in readiness on the Y. M. C. A. Athletic Field for the two big games of baseball Monday. Newark High school plays Central High of Columbus at 1:30 p. m. At 3:30 the big college game of the season, Denison vs. Kenyon, will be called. Both teams expect to bring a large crowd of rooters to cheer them on to victory. Without doubt this will be as fine an exhibition of baseball as Newark will have this season. The price of admission to the two games will be 25 cents. Carriages will be admitted free.

DANGER TO CHILDREN.

A Serious Matter for the Attention of Mothers.

How many people know that scrofula is only a common name for a slow, tubercular inflammation of the glands? Children affected with scrofula are very likely to have lung troubles and consumption. Father John's Medicine, prescribed for the late Rev. Fr. John O'Brien of Lowell, Mass., fifty years ago, cures scrofula because it strengthens the mucous membrane of the stomach and acts directly upon the liver and kidneys. It is a food medicine and afford nutrition at the same time that it has a gentle laxative effect, a property possessed by none of the emulsions and similar preparations. It is the best remedy ever prescribed for throat and lung troubles. It contains no poisonous drugs or alcohol. The 50c size bottles contain three times the quantity of the 50-cent size. For sale by Collins & Son.

The "Force" of Herpicide.

NOTHING SUCCEEDS LIKE SUCCESS.

Why is Newbro's Herpicide a success? Because it has the "Force" or capacity to produce an effect. What is the effect? The destruction of the invisible, vine-like, microscopic growth that lodges in the sebaceous glands of the hair follicles, where its growth and development causes dandruff, itching scalp, falling hair, and later, incurable baldness. Is Herpicide pleasant to use? Clear as crystal Newbro's Herpicide is the daintiest, most delightful and refreshing application ever prepared for the scalp. It contains no oil, grease, sediment or dye matter. Careful people who now consider it a duty to use a scalp prophylactic, to insure cleanliness and freedom from dandruff contagion, prefer Newbro's Herpicide on account of its extreme purity, exquisite fragrance and refreshing quality. Ladies, in particular become enthusiastic over it, because it keeps the hair light and fluffy and gives it a silken gloss.

Whiskey and Beer Habit

PERMANENTLY CURED BY "ORRINE,"

ABSOLUTELY SAFE, SURE AND HARMLESS.

Physicians pronounce drunkenness a disease of the nervous system, creating a morbid craving for a stimulant. Continued indulgence in whiskey, beer or wine eats away the stomach lining and stupefies the digestive organs, thus destroying the digestion and refining the health. No "will power" can heal the inflamed stomach membranes.

"ORRINE" permanently removes the craving for liquor by acting directly on the affected nerves, restoring the stomach and digestive organs to normal conditions, improving the appetite and restoring the health. Can be given secretly if desired.

Cure Effect or Money Refunded.

Ask your druggist whom you know what he thinks of ORRINE; he will endorse our statements as truthful in every respect. If ORRINE fails to cure we will refund you every penny paid for it as cheerfully as we took it.

No Sanitarium Treatment or Publicity!

No Absence from home or loss of time!

Mothers, wives and sisters, you cannot cure those who are afflicted with this most terrible of all diseases by your fervent prayers, or eyes red with tears, nor by your hope that they may stop drinking. It can be done only with ORRINE. You have the remedy--will you use it? If you desire to cure without the knowledge of the patient, buy ORRINE No. 1; if the patient desires to be cured of his own free will, buy ORRINE No. 2. Full directions found in each package. **Price \$1 per box.**

We will gladly furnish a treatment free of cost to any physician to demonstrate that Orrine is a positive specific for drunkenness.

BEAUTIFUL CHERRY VALE PARK

A Veritable Earthquake in the West End.

Over 130 Lots Sold Since Saturday Noon

The greatest sale of lots that ever happened in Newark is still *Under Full Headway*. Our original offerings are nearly all sold. We have decided to open to the public for reservation today 84 of the finest lots ever offered in Newark.

28 on Church Street and 56 on Lawn View Ave.

We commence grading these streets today and shall set trees this fall the same as our first sub-division. We secured the option on this land before we opened Cherry Vale Park, otherwise we could not have bought it, in acres, for what we are offering it for in lots now.

We intended to keep this land until the Bridge and cars were established on Church Street and then open it up at from \$500 to \$600 a lot, but have yielded to the demand and pressure for more lots now than we can supply. If these lots sell as they did last week they will not last until Monday night.

We shall offer these lots at the remarkable low price of \$175 to \$200. A few choice corners \$225. They are worth \$500 to \$600 each. The profit is to the buyer of the single lots. We will not sell more than 2 *Lots to one Person*. Giving to everyone a fair chance.

Read Our Proposition Only \$5.00 down, then only \$1 a week until paid for. No interest, no taxes until paid for. Payments stop in case of illness. Absolutely free deed in case of death. No matter how little has been paid, not a cent more is required if the purchaser dies; a Warranty Deed with good title given to the estate or family at once.

Where Is It?

Just one and one-half miles due west of the Court House. That beautiful high plateau lying between the Granville Street Car Line, Cherry Valley Road, and Church street extended, just east of the State Encampment Grounds, just outside the city limits and high taxes, and from which a grand view of the entire city and surrounding country can be had. The most beautiful, and at the same time the most Healthful, Sanitary and Clean place about the city. No Smoke, no Malaria, and still within Easy Walking Distance from the Wehrle Stove Works, The Newark Machine Company, The Jewett Car Co., The Fee Lumber Yards, The Newark Gearwood Co., and other factories employing over 3000 men. It is also accessible to all factories in the city. Only *one street car fare* to any part of Newark. *Labor tickets* morning and evening. The difference in taxes will pay your fare. Cellars 10 feet deep without a drop of water in them. Drive wells with the finest water may be put down any place at an expense, with pump and all complete at from \$5 to \$8.

How to Reach Cherry Vale Park.

Take the Granville car leaving the Suburban station on *every hour*, get off at the Brick School House east of the State Encampment Grounds, and walk north a short distance to our allotment. You cannot miss it. We have purchased these beautiful grounds for cash. We have laid them out in large lots, mostly 50x150 feet to a 15 foot alley. We are grading the streets in good shape and will set *2 rows* of *Fine Nursery Trees* on each side of each St., making of this land a Veritable Park, the same as Fairlawn and Woodlawn avenues.

The Title Has Been Conveyed to The Newark Trust Co., one of the most, if not the most, reliable and substantial banks in Licking County, and with which Newark's best and most substantial business men are identified. This Trust Company will collect all the money paid in on these lots, and make warranty deeds to each purchaser as soon as lot is paid for, thus insuring absolute safety to all concerned.

We Offer You an Investment That Cannot Fail.

Banks may fail. Personal property may be destroyed. Money may be burned or stolen. Other investments may depreciate in value or fail entirely, but an investment in Cherry Vale Park cannot fail or depreciate. You buy it for less than half its value. They will all be sold within a short time, this will double their value. The growth of the city and the immutable laws of nature compels a steady increase in value. As the city grows new territory must come in. Nothing else is so available or fine as this for an addition to the city.

The fact that 150 lots are already sold, many to be improved at once enhances the value of all Property in this Vicinity.

It is a great satisfaction to own your own home. It is a solace to old age.

No interest, no tax on these lots. You know just what you have to pay.

You get a warranty deed from The Trust Company and a certificate showing perfect title.

All payments to be made at The Newark Trust Company.

We do not ask you to buy these lots on faith. Come out at our expense and look the property over. Free Car Tickets on the allotment, if you come out, whether you buy or not.

Come at once while you can have your choice. Every lot is a great bargain and they will go quickly on these terms.

Agents on the Allotment every day including Sunday.

The report that 600 persons have been hanged in Warsaw alone, and many others in different portions of Russia, because of disaffection to the government, should be received with much caution. While it is probable that there is much disaffection, especially in Poland, and that there have been as a consequence many arrests, it appears like a reversion to the barbarous ages to give credit to such wholesale executions. It is easy to understand that many may be killed while engaged in rioting and that a large number may succumb to the hardships of imprisonment, but that many hundreds should be deliberately executed seems an unlikely tale. If it is true, then the Russian government will richly deserve the execration of all civilized and humane-minded people everywhere.

The Maryland Democratic State convention was characterized by conservative action in line with that taken by the Democrats of any other important States. It adopted a moderate platform and the unit rule. It gave no expression of preference as to a presidential candidate, but it selected a delegation favorable to Senator Gorman, who is one of the delegates. The Maryland Democrats at St. Louis will doubtless be found in line with those from the great States of the North and South, both upon the question of a candidate and a platform.

Ohio Democrats must be given credit for one thing anyhow: their ticket wasn't made up in advance and the delegates did their own slate making. A bossless convention is novelty enough in this great state to be interesting.

UNIT RULE

REGARDED A WISE MEASURE BY OHIO DEMOCRATS.

State Ticket Nominated Gives Universal Satisfaction—State Committee to Meet June 3.

Columbus, O., May 28.—Democratic expressions following the state convention are unanimous in the opinion that its results greatly serve to clear the political atmosphere and afford substantial promise of Democratic progress in this state while insuring the co-operation of the Ohio Democracy with the dominant influences at St. Louis for the nomination of a presidential candidate. The government took the course foreshadowed in this correspondence of adopting a platform consisting exclusively of state issues and passing national questions up to the national convention.

The adoption of the unit rule, while hotly contested to the convention, is now regarded by many who opposed it as the wisest measure that could have been taken under the circumstances. It should be understood that the unit rule in this case is optional and not mandatory, as was the case for instance, in New York and Indiana. The Ohio delegation will be subject to the unit rule only when a majority feel that it should be applied. The probabilities are that it will not be applied before several ballots are taken at St. Louis, unless it should appear certain that a candidate for president is to be nominated on the first ballot. There is no doubt that the Ohio delegation will act in conjunction with the New York delegates in all matters pertaining to the ticket and the platform. This does not mean that the Ohio delegates will necessarily vote for Judge Parker on the first ballot, but they will vote for him eventually or for any other candidate supported by the New York Democrats in the event of Parker's withdrawal.

The state ticket gives universal satisfaction. The nomination of A. P. Sandles of Ottawa, for secretary of state, represented the will of the convention forcibly expressed against spirited opposition. It was not due to bossism or dictation of any kind, but was the result of individual preferences among the delegates acting independently of machine politics. Mr. Sandles has performed effective work for the Democracy in connection with the state organization. He is sincere and candid in his Democratic convictions and by nature calculated to make friends of all persons with whom he comes in personal contact. Mr. Sandles looks forward to an active campaign in which he will visit every county in the state. His associates on the ticket are conceded to be strong men personally and politically. This is especially true of Hon. Philip Renner of Hamilton county, the candidate for supreme judge. It is predicted by those who ought to know that Judge Renner will be a tower of strength to the ticket in Cincinnati and Hamilton county, and will reduce the Republican plurality in Southern Ohio many thousands of votes.

The Democratic State Central committee will meet for organization June 9th. An executive committee to manage the campaign, will then be selected. The unification of forces as represented in the state ticket and the delegates at large, this year, means that the campaign committee will have the support of all the Democratic leaders regardless of factions. There will be no "angel." The sinews of war will come from the voluntary contributions of Democrats working for a common object. The campaign will be aggressive and there will be no abandonment of the idea that it is possible to carry Ohio this year for the Democratic ticket. The candidates will meet here with the state central committee when the organization is effected.

REFUSED

To Admit Miss Roosevelt and She Had to Purchase Tickets to the Fair.

St. Louis, Mo., May 28.—Miss Alice Roosevelt's passport to the World's Fair was unavailing Friday afternoon because she came to the position in a phaeton instead of an automobile, as the gatekeeper had expected.

The admission department issued orders to the gate inspector to accept the announcement of the driver, "Miss Roosevelt in an automobile," as carte blanche for herself and party. She came in a phaeton, and the man on guard refused to admit her party free because his instructions were for an automobile. George D. Markham, Miss Roosevelt's escort, relieved the situation by buying tickets. Miss Roosevelt smiled merrily.

Because Miss Roosevelt "in a phaeton" was outside of his "official jurisdiction," the gateman compelled the remainder of the party to pay. Mr. Markham did the honors for them also.

Miss Roosevelt was the magnet who drew an enormous crowd to the World's Fair Friday.

It was her first daylight visit to the fair, and she enjoyed it. She attended the dedication of the Illinois building at noon, visited all the large buildings, took a ride on the intramural railroad, caught a brief glimpse of the New York State building and visited the Philippine village.

POINTED

His Finger at Imaginary Specter of Iroquois Horror—Mahnken Seized With Terror

Chicago, May 28.—Choking and gasping with terror, Mahnken, accused of fraudulently identifying the body of Mrs. Frank Greenwald, an Iroquois fire suddenly jumped to his feet in Judge Clifford's court room Friday and pointed frantically at an imaginary specter.

While the spectators looked on in terror the man frothed and waved his arms wildly. He was overpowered and thrown to the floor. Half a dozen police officers held him. Paroxysm after paroxysm seized him, and he had to be manacled.

When quiet was restored Mahnken's lawyer decided to let the case go to the jury without argument. Almost immediately the 12 men filed back, the foreman announcing the verdict: "Guilty."

The technical charge against Mahnken was perjury. His motive was to gain possession of \$400 found on the body.

A Startling Test.

He writes: "A patient was attacked with violent hemorrhages, caused by ulceration of the stomach. I had often found Electric Bitters excellent for acute stomach and liver troubles, so I prescribed them. The patient gained from the first, and has not had an attack in 14 months." Electric Bitters are positively guaranteed for Dyspepsia, Indigestion, Constipation and Kidney troubles. Try them. Only 50c at Hall's Drug Store.

Novel Feature at World's Fair.

A novel feature of the mammoth exhibit of the Baltimore and Ohio at the World's Fair will be the locomotive that figured in the Duquesne limited wreck at Connellsville, Pa., last December. The engine has been in the railroad company's shops for the past few months, where repairs have been made on it. It will be sent to St. Louis and placed on exhibition as a type of the massive locomotive in use on the Baltimore and Ohio system.

WOODMANSEE

Cincinnati Wrestler Collapsed in His Match With Al Ackerman Friday Night.

Fostoria, O., May 28.—The wrestling match for the welterweight championship of Ohio between Elmer Woodmansee, of Cincinnati, and Al Ackerman, of this city, last night ended by Woodmansee collapsing. When Ackerman went to guard against a back spin, he was horrified to find that the man's neck was perfectly limber. When released he fell over apparently dead. He revived after some minutes and explained to the doctor that something inside gave way. He came back after a time, and although he did some clever defensive work, he was thrown with a scissors and a half nelson in one minute.

His Means of Travel

Somewhat of a Puzzle

"THE late General William H. Payne, who died in Washington some time ago, saw four years' brilliant service in the Confederate army and then returned to his home in Warrenton, Va., at the close of the civil war to take up the practice of law," said Senator Daniel, who was an intimate friend of General Payne.

"General Payne made quite a name for himself as a skillful handler of these touchy brethren—Virginia mountaineers—and was quite famous for his easy method of gentling them along and getting what he wanted out of them. On one occasion, however, he struck a tartar in the shape of an old mountaineer, and the result of the tilt between them maddened General Payne to the point of explosion and upset the rest of the courtroom so that it was half an hour before the judge could restore order.

"At that time General Payne was prosecuting attorney and was trying a murder case. The mountaineer in question came down to testify, he having been a witness to the shooting, which occurred near his home, about fifteen miles from Warrenton.

"You say you came down from your home this morning?" suggested General Payne when the witness took the stand.

"Yes, sir."

"You rode down on horseback. I suppose?"

"No, sir."

"You drove down?"

"No, sir."

"You walked down, then?"

"No, sir."

"Then you came down on the train?" suggested General Payne, who was growing irritated at the titter that had followed each laconic negative from the mountaineer.

"No, sir; I didn't come on no kyars."

"Well, then, sir," exclaimed the irate lawyer, "if you neither rode horseback nor drove nor walked nor came on the cars, would you kindly tell the judge and jury how you did come?"

"I rid one of Bill Furns' old mules," was the solemn reply, which was drowned by the shouts of laughter from all present but General Payne and the witness."—Washington Times.

WINE of GARDUI

Mrs. Nelson describes the condition of thousands of women. That condition comes by slow stages. Usually the important function of menstruation is at first slightly irregular. Then comes the painful periods. Bearing-down pains and ovarian inflammation follow. Finally the nervous system gives way and the whole system has become affected and the pains rack the body from head to foot.

Wine of Gardui is a menstrual regulator of established reputation. No woman who takes it suffers as Mrs. Nelson suffered. It gives speedy and complete relief from the torturing menstrual agonies which are making so many women invalids today. Do not let yourself come to the pitiable condition Mrs. Nelson describes.

Secure a bottle of Wine of Gardui from your druggist today and begin treatment immediately.

Sure Relief for Women.

No. 15 Central Ave. Hot Springs, Ark., April 30, 1903.

Eighteen months ago I was so completely run down that my body ached from head to foot. My back seemed to break in two and I suffered intense pain in the lower abdomen. I could not afford to lay off and take a rest, and no medicine helped me any.

A friend told me how much Wine of Gardui built her up and advised me by all means to take it. The day I took the first dose the recovery of my health began. It was nearly three months before I was entirely cured, but at the end of that time I was in better health than I had been for seven years.

I look on Wine of Gardui as the most blessed medicine that a woman could possibly take when she feels sick and tired of life.

That Tired Feeling

Is a Common Spring Trouble. It's a sign that the blood is deficient in vitality, just as pimples and other eruptions are signs that the blood is impure. It's a warning, too, which only the hazardous fail to heed.

Hood's Sarsaparilla and Pills

Remove it, give new life, new courage, strength and animation. They cleanse the blood and clear the complexion.

Accept no substitute. "I felt tired all the time and could not sleep. After taking Hood's Sarsaparilla a while I could sleep well and the tired feeling had gone. This great medicine has also cured me of scrofula." Mrs. C. M. Root, Gilead, Conn.

Hood's Sarsaparilla promises to cure and keeps the promise.

A Timely Thought.

Fix your mind for a moment on the fact that stomach trouble and headache are symptoms of liver trouble and you will see why the so-called dyspepsia cures fail to do their work. You must remove the cause by regulating the liver before you can expect relief.

DR. KOHN'S CURE SYRUP

Is a vegetable remedy, gentle in its action and lasting in results. It induces digestion, regulates the liver thereby putting the system in perfect condition.

PRISONERS

EFFECT A SUCCESSFUL ESCAPE FROM CITY BASTILE.

Dick Athey and Three Others Dug Through the Brick Wall Friday Night.

Dick Athey and three others prisoners escaped from the city prison Friday night by digging through the brick wall on the west side. So far they have not been caught.

The four who escaped are: Dick Athey, who was arrested Friday afternoon by Officer Zergibel for being drunk; Joseph West and Frank Mills, serving time in default of payment of a \$25 fine for train-riding and carrying concealed weapons, and Harry Patterson, arrested Saturday for being drunk. Athey was arrested Friday afternoon by Officer Zergibel. He was drunk at the time and was making a nuisance of himself. He is a familiar character about the city prison and twice before distinguished himself by breaking out of prison.

At the time of the jail delivery the four prisoners were in the corridor. They had obtained a piece of iron in the prison and with this pried out the bricks in the wall until they had a hole large enough to crawl through. The west wall opens on the B. & O. railroad tracks and the escaping prisoners made their exit and probably left town at once.

Officer Greeley was in charge of the prison, but so quietly was the work carried on that no sound reached him.

HOOR CHANGED

For Men's Meeting in Taylor Hall Sunday Afternoon to Enable Evangelist Wilson to Speak.

The hour of the men's meeting at the Y. M. C. A. for tomorrow (Sunday) afternoon is changed to 4 o'clock in order that Evangelist Wilson, who is conducting revival services at the Baptist church, may be present to address the meeting.

His subject will be, "An Old-Time Jubilee." It will be a "straight from the shoulder" Gospel talk. Mr. Carpenter, the Gospel singer, who assists Mr. Wilson, will also be present and will have charge of the song service and will sing several solos.

The men of Newark should come out in large numbers to hear these gentle men. On account of this change of hour for the big meeting, the Mission Study class will meet from 2 to 4 o'clock, just before Wilson's meeting. It is the last lesson in the course and all who have been attending the studies should be present.

SUICIDE'S REMAINS

Was Shipped to Toledo Friday Night and Will Be Buried There.

The remains of J. H. Malcolm, the collector for Collier's Weekly, who committed suicide Wednesday by taking morphine, were shipped to his home Friday night by the Adams Express.

Mrs. Malcolm, wife of the suicide, was in rather straitened circumstances and had difficulty in raising money sufficient to pay the shipping expenses. The amount necessary arrived Friday evening and the body was shipped according to her request. It had been the intention to bury the body in the free ground at Cedar Hill cemetery.

PICK-POCKET

"Touched" Attorney Isaac Humphrey, of Zanesville, for Pocketbook After Evening Circus Performance.

Attorney Isaac Humphrey, of Zanesville, was "touched" Thursday night at Newark for his pocketbook.

Mr. Humphrey had attended the evening performance of the Barnum & Bailey's circus and it was while getting onto the interurban car at Newark to start for Zanesville he was relieved of his pocketbook.

As is usual at such a time, there was a rush for the car by the crowd and just as Mr. Humphrey stepped on the car he noticed some one whom he thought was drunk grasp his coat. Afterwards he realized that it must have been a pickpocket, for he discovered that his pocketbook had been taken from his pocket.

While he did not lose any money by the theft, there were some promissory notes and other papers valuable to him in the book. The contents could be of no value to any one else.

We can have less worry and more buoyancy at 96 than at 16.

Grand Engineer Ingraham Seized With Heart Disease at B. of L. E. Convention at Los Angeles.

Los Angeles, Cal., May 28.—At the close of a speech while presiding at the convention of the Brotherhood of Locomotive Engineers Friday morning, T. S. Ingraham, first grand engineer of the brotherhood, fell from his chair, threw high his hands and expired from an attack of heart disease. His death struggle was noticed by several hundred delegates in the hall, and scores rushed to his assistance, thinking the attack temporary. Before the first man on the platform reached Ingraham he was dead and the announcement was made by Grand Chief Stone to the horror-stricken assembly that the first grand engineer, and one of the most zealous brothers in the order, had passed away before their eyes.

The body lies at a private morgue, where the coroner will hold an inquest. The body will be embalmed, and, accompanied by a special committee, will be taken to Cleveland, his home, where interment will be had. Two daughters and a son, who reside in Cincinnati, survive.

Cleveland, O., May 28.—Thomas H. Ingraham, as assistant grand chief of the Brotherhood of Locomotive Engineers, who dropped dead in Los Angeles Friday at the biennial convention of the organization, lived in this city and was widely known. He had been connected with the brotherhood for more than 30 years, previous to which he was a locomotive engineer.

A remarkable coincidence in connection with Mr. Ingraham's death is the fact that former Grand Chief P. M. Arthur, of the brotherhood, died suddenly of apoplexy while attending a meeting of engineers at Winnipeg last year.

Want Daily Station Reports.

There is a probability that the Baltimore and Ohio railroad may adopt a system of daily reports from the stations along the divisions. J. M. Watkins, auditor of revenue of the railroad, and L. A. Lambert, special agent of the accounting department, met with Division Agent J. T. Campbell and agents of the more important stations on the Pittsburg division in this city to confer on the plan and to explain the details of the proposed system. Some of the agents are taking heartily to the plan. Messrs. Watkins and Lambert left for Wheeling yesterday forenoon to confer with the leading agents of the Wheeling division. They will thus meet agents of each division and the general majority opinion will decide the matter of the proposed scheme.

Will Pass Through Newark.

Engine 2400, which was built at the Schenectady Locomotive works for the Baltimore and Ohio, and which is said to be the largest locomotive in the world, is to pass through Newark on its way to Cumberland. It will come over the Lake Shore and thence over the R. & O. At Cumberland the engine will be given a thorough test after which it will be taken to the World's Fair at St. Louis. When ready for work the engine weighs 485,000 pounds, and when stripped will weigh 218,000.

General Manager Sims, of Baltimore and Superintendent Foley, of Wheeling, were in the city for a short time on Friday. They were on their way to Chicago.

WEEK'S Society and Club EVENTS

One of the pretty events of the week was the juvenile party given by Mr. and Mrs. J. P. Lamb at their home on Granville street, Saturday afternoon in honor of their little son, John Percy, between the hours of 3 and 5 in the beautiful lawn presented a most pleasing scene. About thirty little ones responded to invitations and each seemed bent on seeing who could have the most fun in the few hours they were to be together. The serving of refreshments on the lawn at 5 o'clock was a feature which added very materially to the delight of the children. Through the courtesy of Mrs. C. R. Jones a very pleasing picture was secured of them in a group and also at the tables.

The young people of the Merry Pleasure Seekers Club gave a most delightful surprise party in honor of Miss Edith Harrah at her pleasant home, six miles north of Newark, Saturday evening, May 21. At ten o'clock a choice supper was served. The evening was spent in floor games and music. Those present were the Misses Rose Kelley, Daisy Kissinger, Edna Harrah, Pearl Toothman, of Newton Chapel, Ella Mast, Zelma Monroe, Murrel Payne of Newark; Messrs. Earl Mast, John Griffith of Newark, Herbert Hogle of Utica, Edith Kelley, Fred Kelley, Fred Kissinger, Ray Holtz, Charley Kelley, Earl Cragget, Allen Stewart and Frank Kelley of Newton Chapel.

Mr. and Mrs. Frank Neighbor entertained on Friday, with a six o'clock dinner in honor of Mrs. Wilson of Urbana, Ohio. Those who enjoyed Mr. and Mrs. Neighbor's hospitality were Mr. and Mrs. Emmett Baugher, Mr. and Mrs. Channing Thompson, Miss Alice Murphy and Mrs. Wilson.

Newark is always pleased when her sons and daughters are honored. Now the honor falls to Mrs. J. M. Graham. The Baldwin University of Cleveland, has conferred upon her the honorary degree of Minister of Letters (M. Litt.).

Although Mrs. Graham has been called to another city to make her home, she still retains her connection with the Hetuck Chapter, D. A. R., of Newark, and holds the affection of the Review Club; also, her interest in the W. C. T. U. work of this city. Mrs. Graham is to be congratulated.

Mrs. Benjamin Franklin entertained this afternoon with a thimble party in honor of Mrs. Wm. Wilson, of Urbana. The guests present were Miss Elizabeth Franklin, Miss Olivia Franklin, Mrs. David Thompson, Mrs. Fred Sites, Mrs. Anson White, Mrs. E. S. Miller, Mrs. Peck, Miss Zimmerman, Mrs. Harry Scott, Mrs. Charles West, Mrs. M. S. Abbott, Mrs. Chase, Mrs. Ernest Johnson, Mrs. U. O. Stevens, Mrs. Channing Thompson, Miss Ethel Pitzer, Miss Clara Scott, Miss Elizabeth Thomas and Miss Hazel Thomas.

On Wednesday Mrs. Channing Thompson entertained with a one o'clock luncheon in honor of her guest Mrs. Wilson, of Urbana. The color scheme, which was pink, was beautifully carried out. The table was decorated with a basket of wild crabapple blossoms in the center, and lighted with eight pink-shaded candles. Place

General Conference Refuses to Modify the Present Discipline of the Church on Amusements

Los Angeles, Cal., May 28.—By the decisive yea and nay vote of 141 to 188 the Methodist general conference Thursday decided not to make any change in the church discipline in the matter of prohibited amusements. The question is one which has agitated the minds of delegates to the present general conference perhaps more than any other single problem that has been before it. The church at large took a wide interest in the subject of the proposed striking out of the specified prohibited amusements from the discipline and many memorials and petitions from all parts of the country reflected popular opinion in the church on the matter.

In all, 65 petitions have been received, 55 of which opposed any change in the discipline on this point, and 10 favored various changes.

The question came before the conference in the report of the committee on the state of the church. The majority report recommends as follows:

"Your committee declines to recommend the striking out of the specified amusements from paragraph 218 of the discipline. Some amusements, in common use are positively demoralizing and furnish the first easy steps to the total loss of character. We, therefore lift up a solemn note of warning and entreaty, particularly against theater-going, dancing and such games of chance as are frequently associated with gambling."

The conference limited the speeches upon this proposition to five minutes. Nearly a score of speeches were made on both sides.

Upon the order of the previous question, a nay and yea vote was demanded, for the first time during the present conference. The calling of the roll occupied the remainder of the afternoon session.

Prior to the disposition of the amusement question, Dr. F. D. Boyard was elected editor of the California Christian Advocate.

The conference voted to extend aid to seven partially self-supporting church papers, the amounts voted ranging from \$2,000 to \$250 each per annum.

M'DONALD

Acquitted of the Murder of Miss Schaefer at Bedford—Jury Deliberated Only Three Hours.

Bedford, Ind., May 28.—After being out three and a half hours, the jury in the trial of James McDonald, charged with the murder of Miss Sarah Schaefer, Friday afternoon, returned a verdict of not guilty. It was decided before hand that the courthouse bell would not be rung, when the verdict was returned, fearing that a mob would be formed. McDonald was brought into the courtroom in a roundabout way. The courtroom was filled with those who had waited all day for the verdict. So quietly was the arrangement to receive the verdict made that McDonald's wife was not even in the courtroom. After the verdict was announced there were cries of "Good, Jim," and applause. McDonald's attorneys refused to allow him to make a statement.

The verdict was reached on the seventh ballot. The first stood nine for acquittal and three for conviction. McDonald was formally discharged by the court and left the courtroom. There was no demonstration.

STUDENTS

Of Competing High Schools Turn to Rowdies and Sluggers at Dayton Field Meet

Dayton, O., May 28.—An affray in which a number of participants were severely injured and a saloonkeeper, who guarded the entrance of his saloon against the mob of young men who tried to gain admittance, was beaten, resulted after the interscholastic field events in which Richmond, Springfield and Dayton high schools participated at Athletic park Friday evening. Richmond won, and when leaving the field their representatives were attacked by Dayton students and badly used up. The fight resulted from some differences which arose during the progress of the events. While the park policemen went to the telephone in a saloon to get assistance, the proprietor guarded the door and was attacked by the mob of young men, who beat him into insensibility. The youths are members of prominent families. Ten of them were arrested, all but one being released on bail.

Just because old time is still a-flying, we are not obliged to grow older.

Just because the years are passing we need not leave youth behind.

Just because our birthdays are accumulating, we are not duty bound to accumulate gray headed hearts.

For, after all, the stream of time can waft us to the lovely land of youth and its flower time as well as to the vale of years with its sere and yellow leaf.

We can choose our own port and go in either direction.

We can grow old or young as we wish.

We can be younger at 50 than our children at 15.

We can have less care at 51 than at 16.

Zoa Phora Will Cure and Make You a Well Woman.

TRIAL BOTTLE FREE TO ALL.

Zoa Phora cures permanently and perfectly all diseases, weaknesses and irregularities of the sex, displacements, suppressed and painful periods.

MRS. PAUL BURNS, Parshallville, Mich., writes:

"I want all my friends to know the great good Zoa Phora has done for me. I suffered for months with nervous prostration, sick headache and kidney and bladder trouble. After holding consultation, four doctors said I could not live without an operation, and I was too weak to have one. Bunches formed in my bowels and I became so sore that I lost the use of my limbs. The doctor called the bunches tumors. He said that I also had a floating kidney, and would not be any better until I had it sewed in place. After using one bottle of Zoa Phora, I could stand on my feet, and after taking three bottles I could walk around the room, and after the fourth bottle I was able to walk out-of-doors."

"Write the Zoa Phora Co., Kalamazoo, Mich., for a free trial bottle and copy of their illustrated medical book, 'Dr. Penzance's Advice to Women.' The doctor will gladly give free special advice when needed. Zoa Phora is for sale at \$1.00 a bottle by all druggists."

THE W. C. T. U.

Meeting every Tuesday afternoon in the parlors of the First M. E. church.

The devotional exercises were held last Tuesday afternoon by Mrs. Billman, and the first chapter of Matthew was read for the lesson. Many things are said in this scripture lesson for the help and upbuilding of humanity, but emphasis should be placed on the 24th, 27th, 26th and 27th verses.

After singing and prayer this service came to a close.

Promptly at 3 o'clock the officers took their places and the business part taken up. Quite a little company was present, and all enjoyed a very good meeting.

Responsive readings were the order, and were excellent, the subject being "Work Among Soldiers and Sailors."

A mothers' meeting was on the program for next Tuesday, but has been postponed until June 14, and Flower Mission Day will be June 21. All remember dates and be present at our meetings. Miss Alice Barr was elected as assistant in helping Mrs. Brown collect the dues.

Mrs. Aznew, secretary of the Woman's Foreign Missionary Society, sent a cordial invitation to the ladies of this union to be present at the missionary tea to be given at the purchase Thursday afternoon at two o'clock.

LICKING TOWNSHIP.

Miss Gertrude Baker, of Bruno, Perry county, is visiting Miss Myrtle Dinckley at her home near Flattown.

The Baptist church at Flattown is undergoing some much needed repairs. A new roof, windows and partly new sills are being added.

John Cummins, of near Amsterdam, is building a new barn.

We can have less anxiety at 52 than at 25.

Art Loan Exhibition.

The subjects for exhibition at the Art Loan to be held in the First Presbyterian church next week are being rapidly secured and the exhibition promises to be one of unusual interest.

The subjects embrace very interesting souvenirs of olden times and far away countries and will no doubt prove very attractive and interesting to study.

It will be a rare opportunity to see a collection embracing the many especially attractive articles which will be on exhibition, and no one interested should fail to take it at least once during the week.

Cake, ice cream and strawberries will be served to all desiring them.

The admission to the exhibition will be only ten cents.

PECULIAR ACCIDENT

Boy Was Shearing Sheep When Animal Kicked Shears in His Face, Inflicting Bad Injury

Luke Gilmore, the 12-year-old son of Mr. John Gilmore, of Martinsburg, was accidentally struck in the face with a pair of shears Thursday. He was shearing sheep and the animal pushed one foot through the shears and kicked them into his face. Dr. Shrontz dressed the two gashes that were inflicted. A few days ago the boy's little sister upset a quantity of soft soap in her eyes. One of his grandmothers is now confined to bed with a broken hip and another is very ill of rheumatism.

DETECTIVE

SHOOTS AND KILLS TWO CAR ROBBERS IN CLEVELAND.

The Bandits Attempted to Escape by Swimming River, But Both Probably Sank in Water.

Cleveland, O., May 28.—Two car robbers were shot by Special Detective Wilson while they were trying to escape by swimming across the river last night, he says. It is thought both men were drowned.

Wilson was walking along the Baltimore and Ohio tracks near the foot of Commercial street about 8 p. m. when he saw four men coming towards him. They carried a large bag. Wilson was suspicious, as there had been many car robberies recently. The detective leaped out and, drawing his revolver, ordered them to halt. Instead of obeying, the men ran. Wilson fired several times. One man called out as though he had been struck, but kept on running. The fugitives separated, two of them running up the tracks, and two of them toward the river. Wilson followed the men who ran toward the river. He pursued them to the brink. There they turned and, seeing the detective right behind them, jumped headlong into the water. Wilson stood on the bank and called to the men to swim back to shore or he would fire. One of the men turned and cursed him. The detective opened fire. He emptied his revolver, then reloaded and fired again, nine times in all. At the sixth shot he heard one of the men cry out: "He has done for me. I'm hit." A moment later the man disappeared. The other man swam on toward a bridge abutment. As he clung to the logs panting Wilson fired three shots at him. One is thought to have hit the man, as he went under. He came up again, however, and once more clung to the bridge. Wilson, Bridge Tender Hoagland and Emmett and Peter Murray, who were nearby, scrambled down to where the man had been seen. He was not there. They searched the whole abutment and looked up and down the river, but no trace of the man could be found. They telephoned the police and a watch was kept up all night, but nothing was seen again of either man. Both Detective Wilson and the bridge tender say the men must have drowned. A search will be made for their bodies.
